

Away from the Desk

Guide to fabric selection

Away from the Desk — Fabric Selection

Modular Units

Modular seating units have up to 4 upholstery choices. These choices are stated in the diagram above.

Detached Seating

As with the modular units above, the main body of the detached seating is split into 5 upholstery choices. Some stand alone seating units have the addition of an integrated tablet base as a separate upholstery choice.

Tablet support and arms must be a plain fabric.
Inner, outer screen must be a plain fabric from the same fabric range.
Inner, lower back or seat can be a pattern fabric, but a different range.

Away from the Desk — Fabric Selection

Striped, patterned or plaid fabrics are only available for specification on the seat or backrest inner portions as illustrated below.

When selecting pattern fabrics for Away from the Desk, panels will be cut by hand. Inner and outer, and high back screen must be selected from the same fabric range.

Horizontal Stripes

These stripes are governed by the way the fabrics come off the roll. If it comes off vertical then the stripes must be horizontal.

Vertical Stripes

These stripes are governed by the way the fabrics come off the roll. If it comes off horizontal then the stripes must be vertical.

There will always be chevron effect. At the centre on seats and inner backs at the ends stripes and patterns will bow.
