Simple Navigation

Find and reserve space with confidence. RoomWizard® is a room scheduling solution that makes it easier to get where you need to go. RoomWizard is designed to display critical meeting information so that it's readable from a distance. It assists in wayfinding and makes it easy to schedule meeting spaces from your desk or on demand at the device.

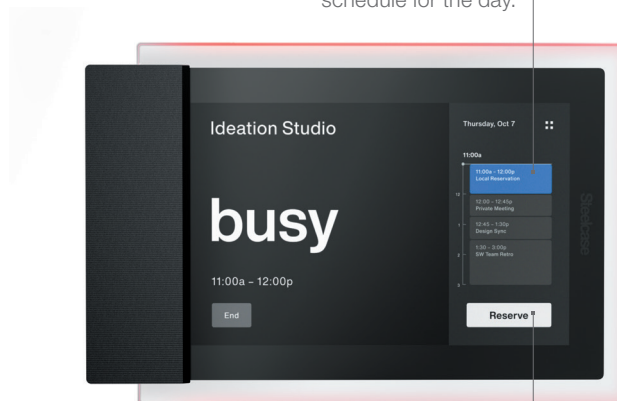

Make it your own with customization options that fit your brand, reflect your culture and define your team spaces all while adding an additional level of wayfinding and personality. Add your logo, select a background color or upload an image.

Clear Wayfinding
LED status lights show availability from a distance.

Simple Interface
Large font clearly displays space availability and meeting information.

Interactive Timeline
Timeline displays room schedule for the day.

Easy Reservations
Clear call to actions help users navigate the interface and reserve now or later.
