Observations & Insights

At Steelcase we bring human insight to business by studying how people work, wherever they work. Those insights can help organizations achieve a higher level of performance, by creating places that unlock the promise of their people. Our goal is to help them create spaces that support how they work.

1. Observation: Companies change their workspaces frequently, yet their storage solutions are often not very adaptable or flexible.

Insight: Businesses and their employees need flexible office solutions and pedestals to help them optimise workspace.

2. Observation: Pedestals are used to store personal items as well as office documents, files and work tools.

Insight: Users need high-performance storage that can store a wide range of items.

3. Observation: Variations in design can lead to furniture being visually inconsistent and this can have a negative impact on a workplace's image.

Insight: When furniture design is more harmonious, it contributes to a more attractive working environment.

Implicit New generation of personal storage

Our new generation of personal storage is designed to support the increasing need within the workplace for flexibility and the requirement for companies to optimise office space. Working practices are evolving and collaboration between colleagues often takes place at the workstation. Consequently, workstations are on display more, which in turn heightens the need for personal storage offering privacy and security.

We understand people need to store both personal and work-related material. That is why Implicit was designed to accommodate a variety of items, in different shapes and sizes. So whether you are storing your mobile devices, bottles, handbags or notebooks, Implicit can support your personal storage needs.

Why Implicit?

1. The range supports a large number of applications and offers a high degree of flexibility. It is available in both «standard» and «premium» models which can be used in supporting, juxtaposed and mobile configurations.

2. Many different items can be secured inside, out of sight or stored externally for visibility and quick access.

3. The clean, architectural design and the possibility of mixing materials, finishes and handles allow it to adapt to any style easily.

C6665

Smart, flexible storage

Implicit has the right solution for storing all sorts of material while making the most of existing space. The pedestals are easy to adapt as workspace needs change or when people change their work patterns.

Implicit offers two models: premium and standard. Both are available in melamine, steel and veneer. **The premium model features a gap** on its top and front that can be highlighted with different colours. The coloured gap enhances the appearance of the pedestal, giving it a modern and minimalist, as well as a refined and elegant look.

Premium

Standard

C6672

C6126

Implicit mobile pedestals and **Share It** storage cabinets in the same front finishes, **Kalidro** desks, **Please** chairs, **Partito** screens, **Forward Arms**, **dash** lamps and **1+1** Worktools.

Wide range of applications

Implicit supports a variety of applications for both individual and collaborative work, either in open plan or in private office space.

C6657

Implicit mobile pedestals with cushions, **Activa** desks, **Please** chairs, **Partito Rail**, **Forward Arms** and **1+1** Worktools.

As a mobile pedestal under or juxtaposed pedestal next to the desk to expand the worksurface, Implicit is compatible with a large range of Steelcase desks, making it easier to adapt to the changing work modes of today's business world.

C6123

Implicit juxtaposed pedestals, **Fusion** C-leg desks, **Partito Rails**, **Reply** chairs, **Plurio** single arm, **1+1** Worktools and **1+1** LED task light, standard version.

C6640

Standard mobile «9HE» pedestal
Flexibility and mobility with pedestal on castors.

C6641

Premium mobile «10HE» pedestal
Flexibility and mobility with pedestal on castors.

C6642

Standard juxtaposed pedestal
Worksurface extension.

C6643

Standard supporting pedestal
Replacement of desk legs and space optimisation.

Efficient organisation tools

Implicit can be used with a broad range of internal and external accessories. This provides the user with extensive storage possibilities for both personal and office items, taking into account changing work patterns.

With people collaborating at work more than ever, the top cushion on Implicit makes it easy for people to meet at a desk. These internal and external accessories thus ensure a clean desk policy and help maximise the efficient use of space.

External accessories

C6378

Bag holder: With the auto return mechanism, bags are kept neatly at the side of the pedestal.

C6389

Magazine holder: A flexible tool to keep documents visible and within easy reach.

C6380

Top slider: Helps improve personal organisation on the top of the pedestal.

C6669

Cushion top: Supports collaboration at the desk by offering a seat for visitors and colleagues.

Internal accessories

C6374

Binder pedestal: Ideal for storing binders and personal belongings.

C6372

Pen tray on runners: Suitable for small items.

C6387

Soft mat: Protects items and reduces noise inside the drawer.

C6393

Removable pen tray: A flexible solution for your personal storage.

C6663

Pen drawer: Standard solution which offers quick access to small items.

C6390

Dividers: Adapt the drawer to different user needs.

C6589

Angled paper tray: Helps you to structure paper and documents in the drawer.

C6379

Stamp holder: Supports stamps and is flexible in use.

C6385

Suspended file frame: Standard for 6HE drawers.

C6386

Cross rail: Helps to use file frames in different ways.

C6384

High sides: Allows to store larger objects along with suspended files.

Design and material options to fit any style

Implicit offers a unique mix of material, clean and architectural design, as well as a wide selection of aesthetic options to choose from. Combined with a wide range of finishes, it fits harmoniously in any workplace.

The most expressive feature on the Implicit premium model is the gap which is visible immediately under the top and on the front outer side. The gap creates an added opportunity for an accent colour.

A perfect match. Implicit blends in easily with the design of the workstation and seating.

Statement of Line

	 Steel - Melamine - Structured melamine Wood veneer (front without handles)	

Implicit's environmental performance

You need clear evidence to support your environmental credentials. We can provide it.

Thanks to the Life Cycle Assessment (LCA) method, Steelcase can quantify the product's environmental impacts to set the stage for further improvements. This method, based on ISO 14040 and 14044, is selected by the European Union for environmental evaluation. It allows us to measure the environmental impact of our products throughout their lifecycle: materials extraction, production, transportation, use and end of life. The results are in the process of being published in an Environmental Product Declaration (EPD). Ask for Implicit's EPD to find out about its environmental impacts (CO₂ emissions, waste, etc.).

End of life

Up to 98% (steel version) and 97% (melamine version) recyclable by weight.

100% recyclable cardboard and LDPE film for packaging.

Plastic parts clearly labelled for easy sorting and effective recycling.

Quick and easy disassembly.

Use

Designed for a long product life.

Replaceable parts.

Maintenance information is available on steelcase.com

Transport

Assembled close to customers, in France and in Germany.

Optimised packaging to improve filling rates and save energy for shipping.

Materials

30% (steel version) and 20% (melamine version) recycled content by weight.

PVC-free, no hazardous materials.

75% to 100% recycled cardboard and 30% recycled LDPE film (Low Density Polyethylene) in packaging.

Water-based inks without solvent on packaging.

Production

ISO 14001 and/or EMAS certification of the Wisches (FR) and Durlangen (DE) production sites.

Glue with no hazardous materials.

Powder coat painting: VOC-free and free of heavy metals. The powder coat painting that does not attach to the product is reused in the painting process.

Wasted wood directly reused in the plant's heating system.

You require official certifications. We can deliver them.

Indoor Advantage. This certification is awarded to products complying with the indoor air quality emission requirements defined by the ANSI/BIFMA M7.1-2007 standard.

PEFC. The wooden components are PEFC certified (Programme for the Endorsement of Forest Certification), ensuring that wood originates from sustainably managed forests.

E1. The particle boards comply with the "E1 standard" guaranteeing a low level of formaldehyde emissions.

Oeko-Tex 100. This certification is awarded to a selection of pure wool and polyester fabrics, guaranteeing that limit values are respected.

European Ecolabel (Flower). This certification is awarded to a selection of pure wool fabrics, guaranteeing that products meet stringent quality and environmental performance criteria.

Certifications in progress:

Environmental Product Declaration (EPD). Based on ISO/TR 14025, its purpose is to communicate precise and verifiable information about a product's impact on the environment at all stages of its life cycle.

NF Environnement certification. Based on ISO 14024, this French voluntary certification mark is awarded to products that have a reduced effect on the environment during their life cycle.

You care about the end of use of your furniture. We offer options - be it refurbishing, take-back, charitable donation or recycling. Visit steelcase.com to discover more about Steelcase's unique ecodesign strategy.
